
SAVE the LOBO!

Wolves Need You on October 4 in Albuquerque, NM

The U.S. Fish & Wildlife Service plans to remove gray wolves' endangered species protections and make other changes that threaten the survival and recovery of Mexican gray wolves.

Fewer than 75 Mexican gray wolves remain in the wild.

On October 4, 2013 the USFWS will hold its only public hearing on both of these destructive proposals in Albuquerque, NM. Your participation in the Save the Lobo event and the hearing on the same day is crucial to ensure the future of these beautiful, intelligent, critically endangered wolves. A critical mass of supporters on October 4 can turn the tide for wolves. This is a historic opportunity.

To ensure the future of New Mexico's native wolves, save the date and spread the word.

You can make a difference just by showing up - We need a crowd!

Event and Hearing Location: Embassy Suites, 1000 Woodward Place NE, Albuquerque, NM

Schedule:

3:30 p.m. Tabling, refreshments, sign-making, children's art
4:00 p.m. Training by Defenders of Wildlife
